

Free drop-in community art workshop

St. Leonard's Church

W♥RTLEY

Saturday 8 April from 11am – 4pm

Come and celebrate the 2017 Tour de Yorkshire in Wortley!

'In Gear' explores the mechanics of cycling, such as gears, cogs, bearings and chains, as inspiration for artwork to be displayed in towns and villages on the Barnsley section of the route. Come along to create and decorate your very own bicycle cog. The most striking designs will be included in a giant banner artwork hung on the church tower.

Barnsley is also planning large scale land art in Thurgoland Bank and Springvale, and we need volunteers to help create them. If you can spare any time between the 10th and 28th of April contact tourdeyorkshire@barnsley.gov.uk

This workshop is being delivered by Barnsley Museums Learning Team and is part of 'Get Creative', a national campaign that celebrates and supports creativity and inspires people to try something new.
